25X1A8a

1. We are forwarding, at your request, a collation of classified intelligence on the Assembly of Captive European Nations (ACEN) and the Rumanian National Committee (RNC). A thorough survey of classified intelligence available in the CIA Library and in [REDACTED] produced a very negligible amount of information. This is due primarily to the fact that virtually all data on the two organizations is unclassified and originates in the New York headquarters of the ACEN, the RNC and the Free Europe Committee.

2. The attached report, which was prepared by [REDACTED] is a summary of classified intelligence produced by the intelligence community since the establishment of the ACEN in 1954 and the RNC in 1955. Additional information on the activities of the RNC and the Rumanian emigration generally can be found in the comprehensive French-language study, L'Emigration Roumaine dans le Monde Libre, prepared [REDACTED] between 1 November 1955 and 1 February 1956. A copy of this study is available in this office.
